Curitiba, PR, Brazil

PROFILE

Computer Science student with a focus on networking and infrastructure. Personal homelab running a two-node Proxmox VE cluster, OPNsense firewall, VLAN segmentation, WireGuard VPN, and Cloudflare Zero Trust. Currently studying for CCNA 200-301. Fluent English (CAE C1), conversational German B2 (DSD II). EU eligibility from Jan 2027 (Italian citizenship).

EDUCATION

Pontifical Catholic University of Paraná | *B.Sc. Computer Science* **2024 – 2028**

- Expected graduation: March 2028. Coursework: Data Structures, Operating Systems, Databases, Networking.

Swiss School of Curitiba | *IB Bilingual Diploma* **2017 – 2020**

EXPERIENCE

Court of Justice of Paraná (TJPR) **Curitiba, Brazil**

IT Intern *Aug 2021 – Dec 2022*

- Built a PHP web application (backend and frontend) for certificate management, institutional calendar, and administrative modules for the TJPR School of Magistracy.
- Containerized the application using Docker and Docker Compose; deployed on AWS EC2; automated deployments with GitHub Actions; MySQL as the relational database.
- Configured Nginx as web server and reverse proxy.

PROJECTS

Homelab – Network and Infrastructure | *Personal Environment* **Ongoing**

- Designed and maintains a segmented network with OPNsense (firewall/router), VLANs for IoT/production isolation, WireGuard VPN, and Cloudflare Zero Trust with TOTP authentication.
- DNS filtering via AdGuard Home; Nginx reverse proxy; IPv6 configured experimentally.
- Two-node Proxmox VE cluster with VMs and LXC containers; ZFS pools with hands-on disk failure recovery; automated backup with offsite replication.
- Full observability stack: Prometheus, Grafana, and Scrutiny (S.M.A.R.T.).

IoT & Smart Home | *ESP32 / MQTT / Home Assistant* **Ongoing**

- Fleet of ESP32 devices (lighting, smart switches, WLED) integrated via MQTT with Home Assistant for centralized automation and AI-driven surveillance via Frigate NVR (object detection).

TECHNICAL SKILLS

Networking OPNsense, WireGuard, VLANs, Cloudflare ZT/Tunnels, DNS/DHCP, TCP/IP, Nginx, AdGuard Home

Infrastructure Linux Admin, Proxmox VE, Docker/Compose, LXC, ZFS

Monitoring Prometheus, Grafana, Scrutiny (S.M.A.R.T.)

Dev/Tools PHP, MySQL, Bash, Python (basic), GitHub Actions, Git

IoT ESP32, ESPHome, MQTT, Home Assistant, Frigate NVR

Languages Portuguese (Native), English (Fluent – CAE C1), German (B2 – DSD II), Italian (Basic)

CERTIFICATIONS

Cambridge Advanced English – CAE C1 | Deutsches Sprachdiplom – DSD II B2 | In progress: CCNA 200-301
