Summary

Highly motivated and versatile Computer Science student with extensive hands-on experience across Linux systems administration, cloud platforms (AWS, GCP), virtualization (Proxmox), containerization (Docker), networking, cybersecurity fundamentals, and software development (PHP, Python, Bash). Proven ability to manage complex projects (home lab), troubleshoot technical issues, and contribute effectively to team goals, as demonstrated during a software development internship. Eager to apply broad technical skills and passion for technology to a challenging internship role in [Target Area - e.g., Cloud Engineering, DevOps, Cybersecurity, Systems Administration, Software Development]. Possesses strong problem-solving, organizational, and documentation skills.

Technical Skills

- **Programming & Scripting:** Python, Bash, PHP (incl. Laravel), JavaScript, C, Java, SQL
- **Operating Systems:** Linux (Advanced Ubuntu/Debian Administration, Command-Line Mastery, System Management, fstab), Windows (Basic)
- **Containerization & Virtualization:** Docker (Advanced), Docker Compose, Proxmox VE (Full VM Management), VMware, VirtualBox
- **Web Technologies:** NGINX, Apache2, WordPress Deployment & Management, HTML, CSS
- **CI/CD & Version Control:** GitHub Actions, Git, GitHub (Proficient)
- **Networking:** TCP/IP Suite, DNS Configuration & Management (incl. PiHole), DHCP, Firewall Configuration (iptables, UFW), VPN Technologies (WireGuard, OpenVPN), Reverse Proxy Configuration (NGINX)
- **Cloud Platforms:** AWS (EC2, Lambda), Google Cloud Platform (GCP Compute Engine), Studying Microsoft Azure
- **Databases:** MySQL, MariaDB
- **Monitoring & Logging:** Prometheus, Grafana
- **Security:** Nmap, Wireshark, OSINT Fundamentals, Network Security Principles
- **Hardware & Storage:** Server Hardware Assembly & Troubleshooting, HDD/SSD Management & Troubleshooting, RAID Configuration, ZFS Filesystem Management
- **Other Tools:** Microsoft Office Suite, Moodle, LaTeX

Professional Experience

Tribunal de Justiça do Paraná (TJPR – EJUD)

Curitiba, Brazil

Software Development Intern

Aug 2021 – Dec 2022

- Actively participated in the software development lifecycle, including development and maintenance of a school management system (PHP/Laravel, MySQL, HTML/CSS).
- Implemented and utilized Docker, Docker Compose, and GitHub Actions, streamlining development and deployment processes through CI/CD practices.
- Collaborated with team members on feature design, code reviews, debugging, and technical problem-solving, ensuring software quality.
- Authored detailed technical documentation, contributing to project knowledge management.
- Managed application components on cloud infrastructure (AWS EC2, GCP Compute Engine).

Projects

Personal Home Lab & Infrastructure

Ongoing

- Manage a multi-server home lab environment (Linux with Proxmox), demonstrating skills in systems administration, virtualization, and networking.
- Configure and maintain numerous Docker containers hosting diverse applications (web servers, databases), validating knowledge in containerization and web technologies (NGINX, Apache2).
- Implemented robust network solutions including DNS (PiHole), VPNs (WireGuard/OpenVPN), and firewalls, and established monitoring with Prometheus/Grafana, showcasing networking and observability competence.
- Utilize the environment for continuous learning and experimentation in information security, applying tools like Nmap and Wireshark and hardening concepts.
- Perform hardware and software troubleshooting, developing practical problem-solving skills.

WordPress Website Deployments

Personal Projects

- Deployed and managed WordPress websites using Docker, NGINX/Apache, and MySQL, covering the full cycle from server setup to security and optimization.

Education

Pontifícia Universidade Católica do Paraná (PUCPR)

Curitiba, Brazil

Bachelor of Science in Computer Science

2024 – 2028 (Expected)

- Relevant Coursework: Data Structures & Algorithms, Operating Systems, Computer Networks, Database Management, Object-Oriented Programming, Software Engineering Principles.

Colégio Suíço-Brasileiro de Curitiba

Curitiba, Brazil

Dual High School Diploma (Brazilian National & International Baccalaureate - IB)

Certifications & Languages

- **Certifications:** Cambridge Advanced English (CAE) - B1/B2 Level, Deutsches Sprachdiplom (DSD) - B1/B2 Level
- **Languages:** Portuguese (Native), English (Fluent), German (Intermediate)
